

White Underprint Location (Scaled 80%)

Finished Lead Edge

11.25 in

.125”cr in

3.25 in

Dion modifications to incoming artwork:

- 1) Rich blacks converted to 100%K for consistency
- 2) Barcode recreated to include bar width reduction for improved scanning consistency
- 3) Increased size of registered trademark (®) next to NSF logo for print legibility
- 4) Allergen warning text retyped to match font addition of “sesame”

Please Note: Specified barcode is smaller than minimum standard of 80% magnification. (Actual reduction 69%). It is not compliant with GS1/UCC, ISO or ANSI specifications. Reliable scanning is not assured by DION Label.

ADDITIONAL PROOFS OR CHANGE REQUESTS ARE BILLABLE AND WILL BE ADDED TO YOUR FINAL INVOICE.
REVIEW YOUR FIRST PROOF CAREFULLY FOR: ☐ SIZE ☐ LAYOUT ☐ TEXT ☐ CONTENT
☐ SPELLING ☐ COPY POSITION ☐ SPECIAL INSTRUCTIONS ☐ UPC/BARCODE/QR CODE
DION IS NOT LIABLE FOR ERRORS OR OMISSIONS RESULTING FROM AN APPROVED PROOF CONTAINING THE DEFECT.
A PDF PROOF IS NOT A RELIABLE METHOD OF COLOR EVALUATION. If your label has specific color requirements, we strongly suggest purchasing a press proof, providing an opportunity to evaluate color, prior to production. By declining to purchase a press proof, you are agreeing to accept labels printed to generic, Dion color standards.

If you have any questions, contact your DION Customer Care Representative:
